

For the first design, measurements within about 1/4 inch are usually enough. Final dimensions must be verified before ordering or installation.

## KITCHEN MEASUREMENT WORKSHEET

## 1 5 easy steps

- ☐ Draw your kitchen — the outline of the room from above; it does not need to be to scale
- ☐ Measure each wall — corner to corner, and write the number in inches along that wall
- ☐ Measure doors and windows — width, distance from the nearest corner, and window sill height
- ☐ Mark what is hard to move — sink, fridge, stove, vents, outlets and anything that stays
- ☐ Measure the height — floor to ceiling, plus anything that hangs down like a bulkhead or beam

## 2 Walls

| Wall | Total length (in) | Notes |
|------|-------------------|-------|
| A    |                   |       |
| B    |                   |       |
| C    |                   |       |
| D    |                   |       |
| E    |                   |       |

## 3 Height

Floor to ceiling (in) \_\_\_\_\_

Cabinets to the ceiling? ☐ Yes ☐ No ☐ Not sureBulkhead / soffit? ☐ Yes ☐ No

Bulkhead height &amp; depth \_\_\_\_\_

Beams or slopes \_\_\_\_\_

## 4 Doors &amp; windows

Width = outside edge of trim to outside edge of trim. Distance = nearest corner to outside edge of trim.

| Opening | On wall | Width (in) | Distance from corner (in) | Height / sill (in) |
|---------|---------|------------|---------------------------|--------------------|
|         |         |            |                           |                    |
|         |         |            |                           |                    |
|         |         |            |                           |                    |
|         |         |            |                           |                    |
|         |         |            |                           |                    |

## 5 Appliances

| Appliance       | Have one? | Keep/replace | W | H | D |
|-----------------|-----------|--------------|---|---|---|
| Refrigerator    |           |              |   |   |   |
| Range / cooktop |           |              |   |   |   |
| Dishwasher      |           |              |   |   |   |
| Range hood      |           |              |   |   |   |
| Microwave       |           |              |   |   |   |
| Other           |           |              |   |   |   |

Keeping it? Measure W x H x D. Replacing it? Leave sizes blank.

## 6 Things that stay put

- ☐ Sink and plumbing locations
- ☐ Vents and radiators
- ☐ Electrical panel, outlets, switches
- ☐ Posts or columns
- ☐ Gas line
- ☐ Photos of every wall taken
